Quiz Instructions

Part I: See this [document] 📄 on writing pseudocode to determine car insurance based on one's age. One member of your group should write the pseudocode as the answer to the first quiz question (other members of the group can simply write the names of your group members for question 1).

Part II: **Complete Part I before starting Part II.** See this [document] 📄 for a reading followed by 2 discussion prompts that will help you consider the possible ethical implications of the code you write. Question 2 will ask you for a brief summary or reaction to today's lesson.

Enjoy!

⬜	Question 1	1 pts

One member of your group should write the group's pseudocode for determining car insurance premium based on age. The other members of the group can simply write the names of the group members in the space below.

Question 2	1 pts

For this question, please write a brief summary of your group's discussion around ethics. Or, if you prefer, you can write a brief reaction to any aspect of this activity that you found particularly appealing or interesting.

Thank you and have a pleasant break!
